Description

10 Foot Picnic Table

The table seats and planks are made of perforated, hot-dipped, galvanized steel; protected with the same polyester powdercoat used to seal its under structure. It has the look of a traditional table but is completely resistant to rot and insect damage

Moisture and insect proof - no wood is used in the table

No paint to fade, flake or replace

11 Gauge perforated metal seats and top

Black powder coated galvanized steel 2 3/8" tubular legs

Polyester powdercoat finish - your choice of six colors for the seats and planks
